Digital Restorative and Implant Solutions
a lecture by: Dr. Wilson Kwong DDS, MS, FRCD

Wednesday October 26th 2016

Kindly **RSVP** By: October 19th 2016

Limited Seating Available.

Speaker: **Dr. Wilson Kwong**

Dr. Kwong graduated from the Faculty of Dentistry at the University of British Columbia in 1989. He began his career in a rural community then moved back to Vancouver, Canada where he developed a state-of-the-art facility equipped with the latest technology.

Dr. Kwong is a perpetual student and is constantly adding to his knowledge through continuing education. He is a Member of the American Academy of Cosmetic Dentistry and The BC Institute for Oral Implantology, and is a Fellow of The Las Vegas Institute for Advanced Dental Studies. Dr. Kwong is also certified in Invisalign® Treatment.

Dr. Kwong is the Director of the Vancouver Dental Education Centre, where dentists can learn the latest in clinical patient care and practice management. Recently, Dr. Kwong was honoured to have been asked to join the world renowned California Center for Advanced Dental Studies as a Clinical Instructor. He will be teaching in Vancouver, San Francisco, New York, and London.

Outline:

How will digital technology change how you practice and how can you take advantage of this new knowledge to benefit your patients?

Are you falling behind?

Are other practices getting ahead of the curve before you?

Are you taking care of your patients in the best manner possible?

This two hour lecture from Dr. Wilson Kwong, a global speaker for Nobel Biocare and Ivoclar-Vivadent will go reveal new technological breakthroughs that will affect your joy in practicing dentistry and your bottom line for the next twenty years.
